

# Walk in the shoes of... Think in the minds of...

Getting to know our Student Voice whanau...

Student Voice Family Album Term 1, 2019

## Voices from SV last year:

"Don't be shy, share your ideas, and enjoy the experience. Have fun!"

"I have become more confident to share my ideas with others."

## Term One Representatives:

- Room 9: Lucas & Sara
- Room 10: Evelyn & Jasmine
- Room 11: Ethan & Aaliya
- Room 12: Rishaan & Vithusa
- Room 16: Dulyana & Lachlan
- Room 17: Keona & Prada
- Room 18: Adil & Saisha
- Room 19: Annabel & Zane

## Ingredients for success:

1. **What is student voice?** Each week the representatives gather together to deepen their shared understanding of what they are learning about and come up with more ideas.
2. **How do we share our ideas?** All Student Voice representatives are split into groups, to complete a challenge and share back with the bigger group. We also discuss how students can share their ideas and talents within their teams.
3. **"I am an Environmentalist"** Students share their learning in their classrooms - what they like to do, things that interest them, things they want to learn about...
4. **"I am an Astronomer"**, Students contribute ideas about what they want to see in Term Two's topic lessons.
5. **Science:** Students share their prior knowledge, interests, and ideas with the science team at ENPS.
