

## *“Making our Playground a Safer Place”*

In Term 1, we researched initiatives to make our playgrounds safer and more exciting places to play in. Therefore we decided to make this our mission for Term 2. We wrote scripts, shot clips, and produced a safety video to share with the Middle School during Week 8's assembly.

### Voices from our representatives:

“Nothing but safety.” - Jonah (Rm17)

“Let's make a happy and safe place for everyone.” - Max (Rm10)

“Be responsible, and always be safe.” - Paige (Rm9)

“We are happier when we are safe.” - Saeesha (Rm16)

### Term 2 Student Voice Team

### Term 3 Topic: “I am an Innovator” Suggestions:

1. To extend T1's topic, and make something environmentally friendly, and useful
2. Design and make a model of a modern (underwater) city that uses modern technologies, and show how people could live in it
3. Make a machine that produces Lego pieces, makes a cup of coffee, or kicks a ball for you (with some kind of robotic arms)
4. Design some kind of treasure box, or treasure hunt activities
5. Design a new species of animals (or humans) using robotics (a hybrid version of living creatures)
